Backlit Film Gloss (Large Format)

Product Description
Duratex Backlit Film features a tough, opaque polyester substrate designed for most light box applications. The base material has natural diffusion properties resulting in high impact backlit prints. This product produces vibrant colors with superb light diffusion quality and will withstand heat from prolonged backlit exposure. Excellent for indoor or outdoor light box signage, backlit tradeshow displays and other light box applications.

Physical Properties

Caliper: 8.5 mil

Applications Products

High-Resolution Posters  
Special Effects Displays  
Backlit Banners
Light Box Applications  
Exhibition Panels  
Eye-Catching Applications

Storage & Handling Conditions

Material should be handled with white fabric gloves to prevent finger markings. After printing, unused material should be stored upright or suspended in its original packaging. Limited one year warranty when stored at 70°F, 50% relative humidity and out of direct sunlight in its original packaging.

Installing - This product can be grommeted for short-term indoor banner applications. Metal grommets should be inserted to penetrate 2-4 layers of materials for increased strength and durability.

Trimming - It is recommended that when trimming this material to allow about 0.125-0.25” of white/unprinted border. It is not recommended to “bleed trim” this material.

Printer Compatibility

Compatible with most Solvent, Eco-Solvent, Latex and UV curable inkjet printers.
